

Armor AntiGraff UV

Anti-graffiti and Dry-erasable Hard, Clear UV Roll Coating

Protect your print

EFI™ Armor AntiGraff UV clear roll coating offers exceptional adhesion to styrene, acrylic, polyester, coated metal, coated cardboard stock and other rigid materials. It offers an exterior life of one year, and in commercial display environments, it allows for easy cleaning of graffiti sources, such as aerosol spray paint. Coated surfaces can be cleaned with acetone, isopropyl alcohol or commercial graffiti removers to remove spray paint or permanent marker. The coating also is ideal for dry-erase applications on rigid-printed graphics and will not leave ghosted images on the surface. AntiGraff has an exceptionally hard finished surface that has unmatched abrasion and mare resistance, making it a perfect choice for eye-level or arms-reach applications.

Applications

- Suitable for anti-graffiti applications:
 - Transit shelters
 - Train stations
 - Airport terminals
 - Other high-traffic, public locations
- Excellent for dry-erase
- Can be used as a hard coat (excellent abrasion and scratch resistance)

At a glance	
Durability	Up to one year
Mixing	Mix thoroughly before use; thinning is not recommended
Roll Coat	Suitable for use on all UV coating devices
Shelf Life	One (1) year from date of manufacture
Cure Parameters	1-200 watt per inch medium pressure mercury vapor lamp with an output of at least 180 MJ
Belt Speed	45-50 feet per minute depending on lamp efficiency and heat emission
Coverage	3,500 – 4,500 square feet per gallon
Finish	Hard high gloss finish

NOTE: Not suitable for flexible media applications. To determine suitability of the product for the intended use, a pretest prior to production is advised

WARNING: This product will not perform if it has been under-cured. As there can be a permanent staining of the print.

When your print wears Armor, it's ready for anything.

Whether you're printing on rigid plastic, flexible media or thermoforming materials, you need to protect your print from the sun, weather, wear and tear, even chemicals. EFI has the post-printing coating formula for success – EFI Armor. Our line of performance-driven UV and water-based coatings does a lot more than coat.

Protect your print, protect your color, protect your reputation. With EFI Armor.

Let's be brilliant. Together.

We understand you want breakthrough technologies to lead you through your digital journey. That's why we're passionate about driving your business growth with a scalable portfolio of products, solutions, services, support, and world-class partnerships for the manufacturing of signage, packaging, textiles, ceramic tiles, building materials, commercial print, and personalized documents with a wide range of printers, inks, digital front ends, and workflow software. Our unwavering commitment is to increase your profits, cut costs, improve productivity, and optimize efficiency — job after job, year after year. We're obsessed with your success. And we definitely believe we have the right people, technology and experience to help your business achieve its goals. Visit www.efi.com or call 800-875-7117 for more information.
